Important Information for all Grades

- Please buy good quality supplies. Economy brands do not work as well and need to be replaced frequently. We encourage certain supplies like crayons, scissors and pencil cases be used year after year rather than purchase new.
- **Please label all supplies and clothes with child's name (including shoes and boots.)**
- All students will need two pairs of shoes:
 - 1 pair for indoors (these should be runners - non marking soles - so they can be used for gym and these will be kept at school); and
 - 1 pair for outdoors (preferably runners for running and playing in the school yard).
- All students will need a backpack to be carried daily.
- For safety reasons, outdoor clothing should not have any drawstring long enough to get caught in play equipment.

Specific Grade Level Information

Grade 1 - 5

Please send all supplies in zip-lock bags, labeled with your child's name, on the first day of school. Teachers will hand out supplies as needed and any unused supplies will be sent home at the end of the year. If bulk school supplies were ordered in the spring, they will be in the classrooms ready for the first day.

Kindergarten

Kindergarten supply lists mailed home with orientation packages to students in July.

Please note that due to unforeseen circumstances regarding staffing and grade allocations additional supplies may be asked for by individual teachers in the fall. These additional items will be kept to a minimum.

Please note that these supplies should last the whole year; but in cases where students run out of pencils due to breakage, or the pencil sharpener or scissors break, or other items are used up, parents may be asked to provide more supplies.
