June 17, 2025

Dear parents, students and staff,

We are excited to announce that we are hosting a Girls in Aviation Day (GIAD) event at the Red Deer Regional Airport on September 20th. This event is an international event that started ten years ago. GIAD events now total 194 globally, involving over 33,000 participants.

**Our mission** is to bring all things aviation together so our community can learn about the industry.

**Our vision** is for young girls to leave with an image of careers and access to information and pathways to broaden their awareness of all professions in aviation.

The event is geared towards girls ages 8-17, and we will have age-appropriate content for elementary, middle, and high school. There will be positive female role models, pilots, aviation mechanic engineers (AME), flying clubs, schools, tours, swag, giveaways, barbecue, and many interactive STEM activities.

While this event is focused on inspiring young women, we warmly welcome and encourage participation from all individuals who are interested.

We also have many volunteer positions for students working towards community volunteer hours.

**The event details:**

When: Saturday, September 20th

Location: Scottsville Hangar, Red Deer Regional Airport.

Time: 11:00 - 4:00 pm

For more information, or to register to attend or volunteer, visit
